HOW TO READ THE DRAWINGS

The studies in this book were drawn for this portfolio to explain each design. They read the visualisations: they are not surveys, approved drawings or construction documents. Every drawing carries its status.

CODE	STATUS — WHAT IT CLAIMS
DD	Design development / space study — read from a named render
CD	Concept detail — how a visible junction could be built
RE	Representative example — generic, typical sizes
MS	Material study — swatches cropped from renders
—	“To survey”: size not known, never invented

PROFILE

Imagination.

With the knowledge to make it real.

Interior design and interior architecture — from the first concept to the final handover.

ALAA MASRI · RIYADH, SAUDI ARABIA

SELECTED WORK

01 An arched retreat · p. 09

03 The walnut suite · p. 20

04 The illuminated villa · p. 26

I'm Alaa Masri, a Lebanese interior designer and interior architect based in Riyadh. Over 15 years of practice across the Gulf and Lebanon have shaped my approach to space.

I work from the first concept through to final handover, connecting design, materials and craftsmanship with the precision that execution demands.

My work spans luxury residential, hospitality, commercial and retail interiors — coordinating clients, consultants, contractors, workshops, factories and site teams so that the design holds from drawing to site.

15+

years in interior design, interior architecture, fit-out and project coordination.

presentation

CONCEPT TO HANDOVER — HOW A PROJECT IS CARRIED

Steps condensed from the professional profile: concept and design development, technical drawings, material selection, BOQ preparation and pricing, supplier and contractor coordination, execution on site.

Every space. *Every detail.*

From the first sketch to the final handover — design authorship backed by the technical and site knowledge to deliver it.

01 Interior design

Creative, functional concepts for luxury residential, commercial and retail interiors — planned around the way each space will be lived in and used.

Space planning & furniture layouts · Concept design & mood boards · Material & finish selection · Furniture design & custom joinery

WD Walnut

UP Velvet

ST Marble

MATERIAL STUDY · THE WALNUT SUITE

02 Interior architecture

The architectural elements of the interior — entrances, ceilings, partitions and feature walls — designed as one coherent whole.

Entrance & foyer design · Decorative ceilings · Feature walls & partitions · Staircase areas

1 Chandelier on the axis 2 Ceiling cove 3 Stone arch

03 Technical & shop drawings

Preparing technical drawings and coordinating shop drawings so that the design can be built exactly as intended.

Technical drawings · Shop drawing coordination · Construction & execution details

1 Lit shelf → CD-01, p. 24 2 Media wall → DD-02, p. 23

04 BOQ & cost estimation

Bills of quantities, take-offs and cost estimates, with interior works priced and quotations coordinated with suppliers and subcontractors.

BOQ & quantity take-off · Cost estimation & pricing · Supplier quotations

REF	ITEM	UNIT	QTY	RATE
1.01	Gypsum ceiling with lighting cove	m ²	48.0	—
1.02	Veneer wall panelling on battens	m ²	22.5	—
1.03	Built-in wardrobe, glass doors, LED	m	4.8	—

BOQ FORMAT · SAMPLE VALUES · RATES OMITTED

05 Fit-out & coordination

Coordinating clients, contractors, suppliers, factories and site teams, and reviewing material samples against the project specifications.

Joinery & woodwork · Stone, marble & glass · Steel & metal fabrication · Lighting coordination

COORDINATION — PARTNERS NAMED IN THE PROFILE

06 Site supervision

Following execution on site, resolving technical and design issues and maintaining quality from design approval through to final handover.

Site inspections · Quality control · Handover

- ☒ Material samples reviewed against specification
- ☒ Shop drawings coordinated for execution
- ☒ Site inspection — quality standards
- ☒ Technical and design issues resolved
- ☒ Detail managed through to handover

REPRESENTATIVE CHECKLIST FORMAT

07 3D visualization

Concepts made tangible through 3D modeling, rendering and design presentation — exploring proportion, light and texture before execution begins.

DESIGN

Developing creative, functional interior concepts. Space planning and furniture layouts. Mood boards; selecting materials, finishes, colours and furniture. Luxury residential interiors — feature walls, entrances, ceilings, partitions, custom furniture.

TECHNICAL

Technical drawings and shop-drawing coordination for execution. BOQs, quantity take-offs and cost estimations. Pricing interior works; quotations with suppliers and subcontractors.

COORDINATION

Coordinating carpentry workshops, steel fabricators, stone and glass suppliers. Reviewing samples against project specifications. Coordinating clients, contractors, suppliers, factories and site teams.

EXECUTION

Following up execution; resolving technical and design issues. Site inspections and quality control. Managing detail from design approval to final handover.

INTERNATIONAL EXPERIENCE

Saudi Arabia
Qatar
United Arab Emirates
Lebanon

RESIDENTIAL

Luxury villas · apartments · living rooms · majlis & reception · TV feature walls · entrance & foyer · bedrooms · staircases · decorative ceilings · custom furniture

COMMERCIAL

Offices · retail spaces · showrooms · commercial and hospitality interiors · custom joinery packages

Let's create *spaces* that last.
