PROFILE

Imagination.

With the knowledge to make it real.

Interior design and interior architecture — from
the first concept to the final handover.

*Design. Technical development.
Execution.*

Alaa Masri
Riyadh, Saudi Arabia

I’m Alaa Masri, a Lebanese interior designer and interior architect based in Riyadh. Over 15 years of practice across the Gulf and Lebanon have shaped my approach to space.

I work from the first concept through to final handover, connecting design, materials and craftsmanship with the precision that execution demands.

My work spans luxury residential, hospitality, commercial and retail interiors — coordinating clients, consultants, contractors, workshops, factories and site teams so that the design holds from drawing to site.

15+

years in interior design, interior architecture, fit-out and project coordination.

PRACTICE ACROSS

Saudi Arabia
Qatar
United Arab Emirates
Lebanon

SECTORS

Residential · commercial ·
hospitality · retail

EDUCATION

Photoshop · Illustrator

BEYOND THE DRAWING BOARD

AI-assisted design & visualization · Figma · Design
presentation

Every space. *Every detail.*

From the first sketch to the final handover — design authorship backed by the technical and site knowledge to deliver it.

01 Interior design

Creative, functional concepts for luxury residential, commercial and retail interiors — planned around the way each space will be lived in and used.

Space planning & furniture layouts · Concept design & mood boards · Material & finish selection · Furniture design & custom joinery

02 Interior architecture

The architectural elements of the interior — entrances, ceilings, partitions and feature walls — designed as one coherent whole.

Entrance & foyer design · Decorative ceilings · Feature walls & partitions · Staircase areas

03 Technical & shop drawings

Preparing technical drawings and coordinating shop drawings so that the design can be built exactly as intended.

Technical drawings · Shop drawing coordination · Construction & execution details

04 BOQ & cost estimation

Bills of quantities, take-offs and cost estimates, with interior works priced and quotations coordinated with suppliers and subcontractors.

BOQ & quantity take-off · Cost estimation & pricing · Supplier quotations

05 Fit-out & coordination

Coordinating clients, contractors, suppliers, factories and site teams, and reviewing material samples against the project specifications.

Joinery & woodwork · Stone, marble & glass · Steel & metal fabrication · Lighting coordination

06 Site supervision

Following execution on site, resolving technical and design issues and maintaining quality from design approval through to final handover.

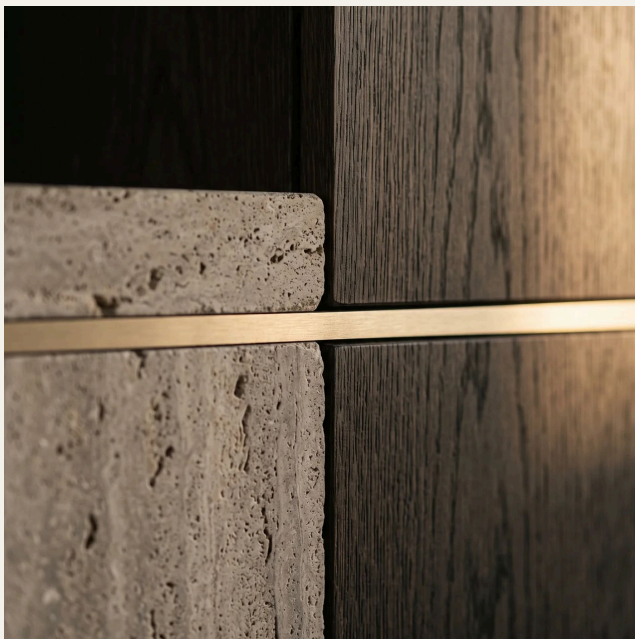

Site inspections · Quality control · Handover

07 3D visualization

Concepts made tangible through 3D modeling, rendering and design presentation — exploring proportion, light and texture before execution begins.

3ds Max · V-Ray · Chaos Vantage · Blender · Design presentation

One vision. *Every step.*

Material dialogue A close view of textured stone, dark timber and a fine metallic inlay.

01

Envision

Listen. Explore. Find the direction.

Understand the brief, study the space and develop a concept that balances aesthetics with everyday function.

02

Develop

Refine the idea. Resolve the details.

Translate the vision into layouts, materials, technical drawings and clear quantities and cost estimates.

03

Deliver

Coordinate. Bring it to life.

Work with clients, contractors, suppliers and site teams to resolve challenges and maintain quality through handover.

Selected *works*

Professional *experience*

ROLE · RIYADH, SAUDI ARABIA

Senior Interior Designer · Interior Architect · Project Coordinator

Managing and developing interior design projects from concept through execution and final handover.

CAREER RECORD — EMPLOYERS, POSITIONS AND DATES TO BE ADDED

POSITION	EMPLOYER / STUDIO	LOCATION	YEARS
To confirm	To confirm	To confirm	To confirm
To confirm	To confirm	To confirm	To confirm
To confirm	To confirm	To confirm	To confirm

DESIGN

Developing creative, functional interior concepts.

Space planning and furniture layouts.

Mood boards; selecting materials, finishes, colours and furniture.

Designing luxury residential interiors — TV and feature walls, entrances, ceilings, partitions, custom furniture.

TECHNICAL

Technical drawings and shop-drawing coordination for execution.

BOQs, quantity take-offs and cost estimations.

Pricing interior works; quotations with suppliers and subcontractors.

COORDINATION

Coordinating carpentry workshops, steel fabricators, stone and glass suppliers.

Reviewing samples against project specifications.

Coordinating clients, contractors, suppliers, factories and site teams.

EXECUTION

Following up execution; resolving technical and design issues.

Site inspections and quality control.

Managing detail from design approval to final handover.
