

THE SYSTEM IN ONE PARAGRAPH

One light editorial book. Warm ivory pages, oversized serif titles and asymmetric image compositions carry the identity (Concept C). Wherever the book states facts, such as project data, captions, tables, drawings or schedules, it switches to the precise Swiss structure of Concept A, set in the same fonts and colours. A few dark pages from Concept B act as deliberate pauses: selected project openers, section dividers, one or two image spreads and the back cover.

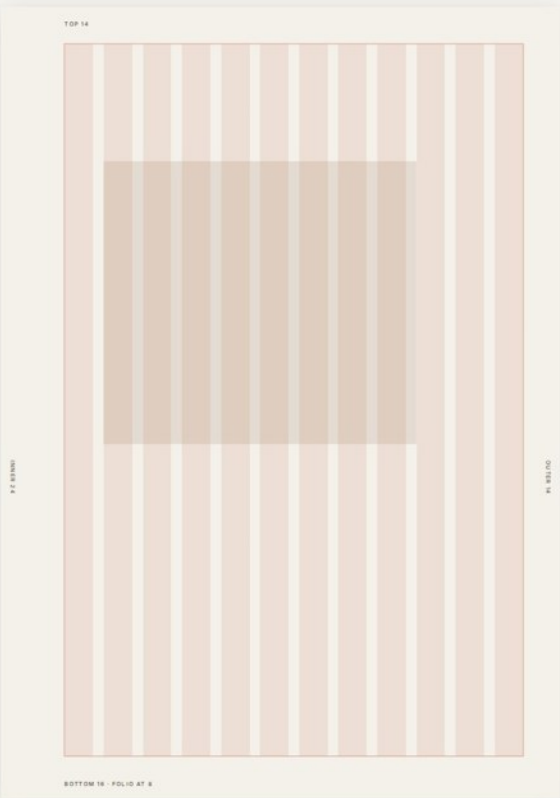

WHERE EACH CONCEPT LIVES

C · 70%	Covers, profile, project spreads, contact — page rhythm, display type, sand block, bleeds
A · 20%	Metadata rows, “Fig.” captions, folios, expertise table, technical sheets, schedules
B · 10%	≤ 1 dark opener per 2 projects, section dividers, ≤ 2 dark image spreads, back cover

RULES THAT KEEP IT ONE SYSTEM

One block	At most one sand block per page. Images may overlap it; never another image or text.
One bleed	An image bleeds off one outer edge (or top/foot), never across the spine.
One dominant	Each spread has one dominant image; details are ≤ 2 and smaller.
Titles	Split roman / italic, locked to column starts.
Dark pages	Same grid and type; only the palette inverts. Never two dark spreads in a row.

GRID & MARGINS

Trim / bleed	210 × 297 / 3 mm
Columns	12 × 10.67, gutter 4
Inner	24 — safe binding
Safe zone	No text < 8 mm from trim
A3 land.	24 columns, same modules

TYPOGRAPHY · INSTRUMENT SERIF + INTER

ALAA MASRI

An arched *retreat*

Every space. *Every detail.*

Interior architecture

A hospitality design study connecting vaulted interiors.

I work from the first concept through to final handover.

LOCATION · TO CONFIRM

Fig. 01 Arched reception hall.

COLOUR · APPROXIMATE CMYK, PROOFED IN PHASE 7

Ivory #F4F1EB C3 M4 Y7 K0	Sand #E6DED1 C9 M11 Y17 K0	Ink #1E1D1B K100	Bronze #93734E C28 M44 Y66 K14
Olive black #151612 C60 M45 Y60 K95	Deep olive #20231B C65 M50 Y70 K75	Ivory type #ECE7DC on dark	Bronze light #C2A37D C20 M35 Y55 K5

Ink 2 #55514A (K75) body · Muted #98928A (K45) placeholders · Rule #C9C2B6 hairlines ≥ 0.3 pt.

IMAGE TREATMENT

Dominant	145–190 mm, bleeding off one outer edge (≈ 240–315 ppi)
Detail	55–90 mm (≈ 400+ ppi)
Dark band	≤ 190 mm on dark openers (≈ 240 ppi)
Crops	Only where ≥ 230 ppi remains; stated per image
Never	Upscaling, stretching, full-height crops of landscape renders, images across the spine

PLACEHOLDERS

Project data	“To confirm” in muted grey, under its label
Drawings	Empty sheet + title-block strip. Nothing drawn.

IDEA

Two datum lines — a horizontal setting-out line and a vertical line dropping from it — lock the cover. The sand wall starts on the horizontal datum; the image starts on the vertical one, like an opening set out on a drawing.

TYPE

The name in capitals, roman only: inscribed and architectural rather than fashion. ALAA above, MASRI below, on a diagonal.

IMAGE

burgundy-salon-01, 155 mm bleeding right ($\approx$ 295 ppi), uncropped. The datum lines print at 0.3 pt.

Alaa

Masri

INTERIOR DESIGNER

INTERIOR ARCHITECT

PORTFOLIO 2026-2027

AN ARCHED RETREAT
GUEST ROOM

IDEA

The sand block becomes a wall and the image becomes an opening in it: a single arched window, framed by deep reveals. It reads as interior architecture before it reads as a picture.

TYPE

Name in roman upper- and lowercase on the left edge. "Alaa" aligns with the window head, "Masri" stands on the foot of the wall — the type is set out from the architecture.

IMAGE

Controlled vertical crop of arched-retreat-07 (the arched window, pixels 270–720) at $46.6 \times 104 \text{ mm} \approx 245 \text{ ppi}$. Crop only — no enlargement.

PROFILE

Imagination.

With the knowledge to make it real.

Interior design and interior architecture — from the first concept to the final handover.

*Design. Technical development.
Execution.*

Alaa Masri
Riyadh, Saudi Arabia

ALAA MASRI

INTERIOR DESIGNER · INTERIOR ARCHITECT

I'm Alaa Masri, a Lebanese interior designer and interior architect based in Riyadh. Over 15 years of practice across the Gulf and Lebanon have shaped my approach to space.

I work from the first concept through to final handover, connecting design, materials and craftsmanship with the precision that execution demands.

My work spans luxury residential, hospitality, commercial and retail interiors — coordinating clients, consultants, contractors, workshops, factories and site teams so that the design holds from drawing to site.

15+

years in interior design, interior architecture, fit-out and project coordination.

presentation

LEFT

The positioning statement at display scale. The portrait rises from the foot of the page out of the sand block (1254 px at 106 mm ≈ 300 ppi).

RIGHT

The first-person profile, verbatim: the opening sentence as a serif lead, the rest in two columns. "15+" at title scale, then verified facts in six Concept A cells.

SENIOR, NOT RÉSUMÉ

No timeline, no skill bars, no icons — statements and facts only.

SELECTED WORKS

01 / 07

Fig. 01 Arched reception hall with a stone-clad counter, gold chandelier and polished marble floor.

An arched *retreat*

CATEGORY	LOCATION	YEAR	ROLE	SCOPE
Hospitality — Design study	To confirm	To confirm	To confirm	To confirm

A hospitality design study connecting vaulted interiors, dining spaces, guest accommodation and quiet leisure areas.

USE

For projects with bright, daylight imagery — e.g. the arched retreat, the burgundy salon, living by the garden, the earthy welcome.

STRUCTURE

Concept C composition; Concept A metadata row, "Fig." caption and folio. Missing facts read "To confirm" in muted grey.

IMAGE

arched-retreat-01 at 160 mm, bleeding right (≈ 286 ppi), uncropped.

SELECTED WORKS

04 / 07

Fig. 01 The villa facade at dusk: cantilevered volumes, vertical screens and linear lighting.

04 The illuminated villa

CATEGORY	LOCATION	YEAR	ROLE	SCOPE
Architecture — Exterior	To confirm	To confirm	To confirm	To confirm

A contemporary villa study exploring stone, vertical screening and architectural lighting from day to dusk.

Fig. 01 Open-plan living and dining space with a linear fireplace, timber wall and garden views.

Living by *the garden*

A warm family living and dining space with garden views, textured fabrics and a linear fireplace.

Fig. 03 Linear fireplace set into a textured stone wall with timber slats.

Fig. 05 Boucle lounge chair in the corner of the living room.

HIERARCHY
One dominant image (190 mm, bleeding off the outer edge) and two details — the maximum per spread. The title is minimal and sits in the negative space below.

GEOMETRY
The sand block steps behind the details; the fireplace image overlaps it and runs off the page.

RESOLUTION
garden-lounge-01 ≈ 240 ppi · -03 at 145 mm ≈ 315 ppi · -05 at 55 mm ≈ 835 ppi. No crops.

Every space.

Every detail.

From the first sketch to the final handover — design authorship backed by the technical and site knowledge to deliver it.

01	Interior design	Creative, functional concepts for luxury residential, commercial and retail interiors — planned around the way each space will be lived in and used. Space planning & furniture layouts · Concept design & mood boards · Material & finish selection · Furniture design & custom joinery
02	Interior architecture	The architectural elements of the interior — entrances, ceilings, partitions and feature walls — designed as one coherent whole. Entrance & foyer design · Decorative ceilings · Feature walls & partitions · Staircase areas
03	Technical & shop drawings	Preparing technical drawings and coordinating shop drawings so that the design can be built exactly as intended. Technical drawings · Shop drawing coordination · Construction & execution details
04	BOQ & cost estimation	Bills of quantities, take-offs and cost estimates, with interior works priced and quotations coordinated with suppliers and subcontractors. BOQ & quantity take-off · Cost estimation & pricing · Supplier quotations
05	Fit-out & coordination	Coordinating clients, contractors, suppliers, factories and site teams, and reviewing material samples against the project specifications. Joinery & woodwork · Stone, marble & glass · Steel & metal fabrication · Lighting coordination
06	Site supervision	Following execution on site, resolving technical and design issues and maintaining quality from design approval through to final handover. Site inspections · Quality control · Handover
07	3D visualization	Concepts made tangible through 3D modeling, rendering and design presentation — exploring proportion, light and texture before execution begins. 3ds Max · V-Ray · Chaos Vantage · Blender · Design presentation

Drawn to be

built.

01	Technical drawings	Managing interior projects end to end — concept and design development, technical drawings, material selection, BOQ preparation, pricing, supplier and contractor coordination, and final execution on site. Reserved sheets below are placeholders for real project documents. They will be replaced, never drawn.
02	Shop drawing coordination	
03	BOQ, take-off & cost estimation	
04	Material & sample review	
05	Supplier & factory coordination	
06	Site inspections & quality control	
07	Handover

EXPERTISE

Concept C headline; Concept A table. Large serif service names, precise descriptions and key items from the website. No icons, no cards.

TECHNICAL

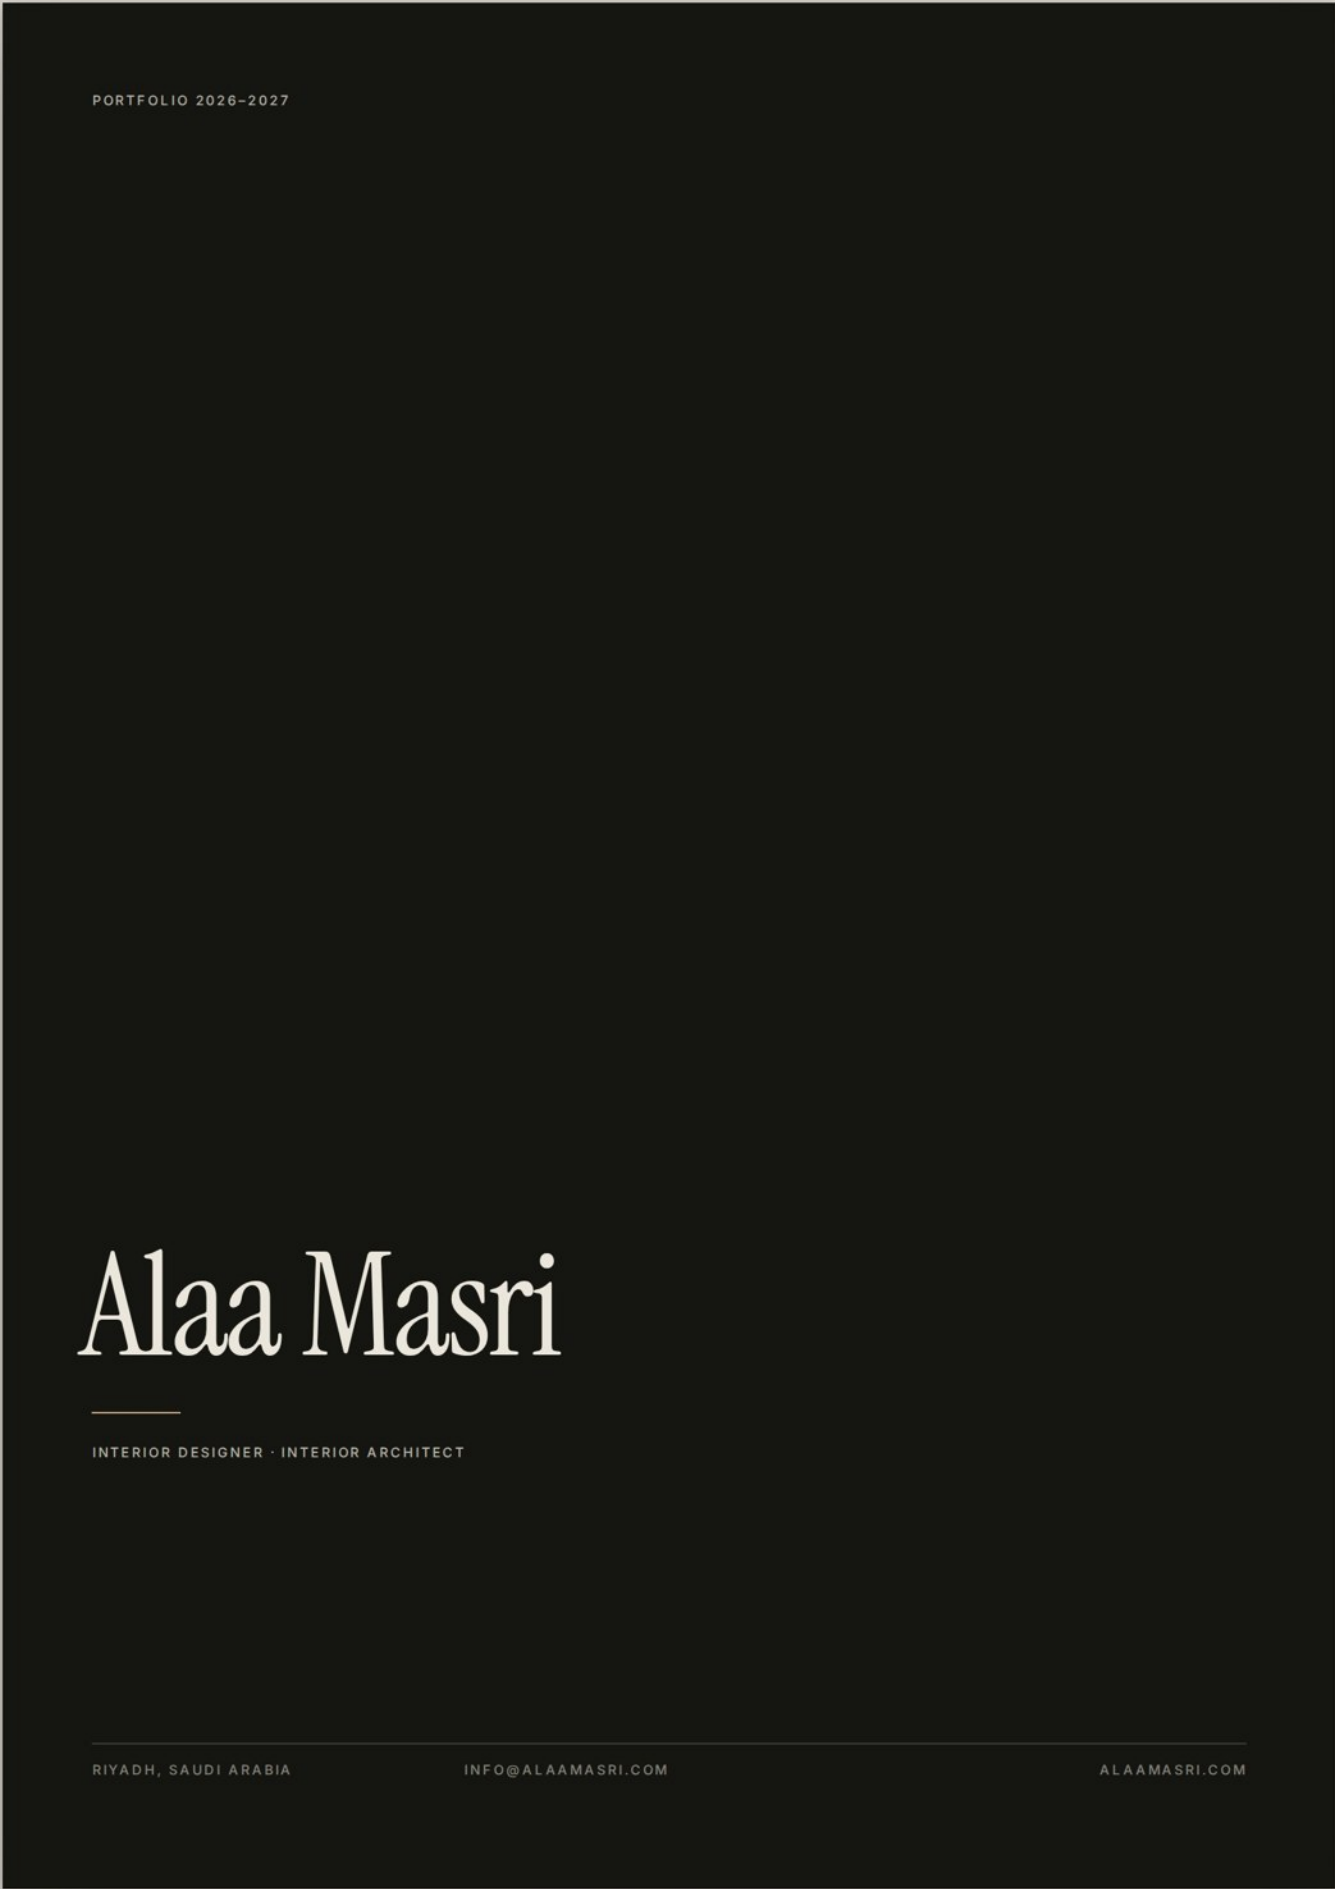

A drawing register: the process chain from the CV, then seven reserved sheets — plans, elevations, joinery, shop drawings, BOQ, material schedule, site coordination — each with a title-block strip for its reference, project and scale.

PROPOSED LINE

"Drawn to be built." carried over from Phase 3 — replaceable.

CONTACT — LAST INSIDE PAGE (LIGHT)

BACK COVER — OUTSIDE (DARK)

CONTACT
Light Concept C page: the website's closing line walks across the page; contact details as a Concept A register.

BACK COVER
Dark Concept B close: olive-black, name at display scale low on the page, one bronze hairline, contact in the foot row. Matt laminate.
